Several guards were also attacked

Isn't that our day-to-day?
Call and cut the contract with the car, and have a new one issued from the Imperial house.
Ah...! Yes, ma'am, understood!

Well- though my car probably has already passed through Zone 1's gate.

Identity confirmation complete. Maya Blake.
Cleared for entry.

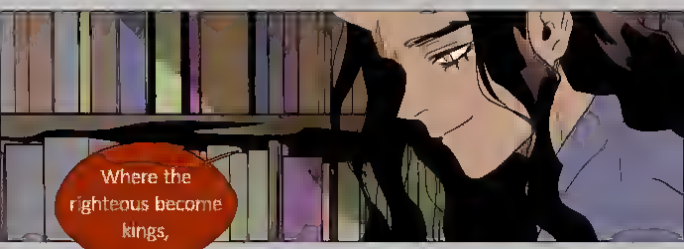
The world you desire, is it perhaps the world in these books?



Where the righteous become kings,

And fairies, that help the poor, exist

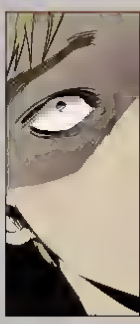
How could something like that possibly exist?



Power corrupt the righteous,
And the help of fairies would be unfair luck
And good children are just children under authority.

Do you really desire a world like that?

This is just delusional garbage.

W-What...

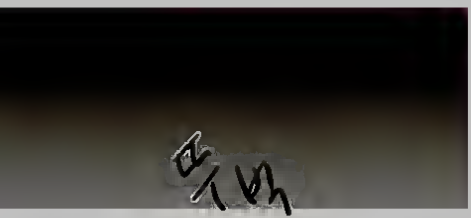
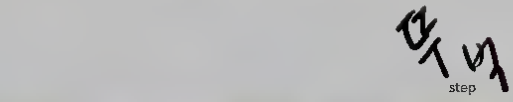
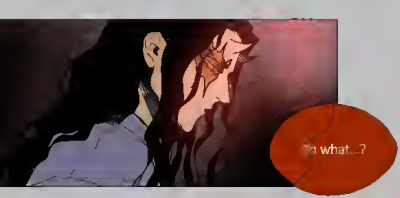
Actually should be 82 but author/editor mistake?



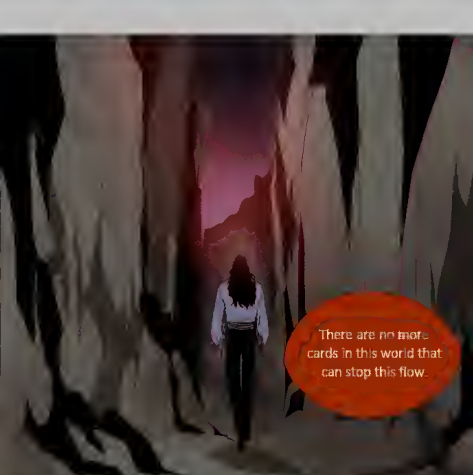


So I'm going to lose..?



In what...?

There's no reason for Lord Dark Lussa to give that sort of prophecy.
It must have been misinterpreted.



There are no more cards in this world that can stop this flow.

Because from the beginning this was blessed by Lord Dark Lessa herself

Ares.

There is someone in this world somewhere who can turn you back into a human.

Could I just find and kill them?

Even if you do that over and over, they will be born again and find you.

In order to kill you

knock x4

What is it?
creak

Um ... I found a child in the mountains who appears unwell ..
Could I intrude for a moment? 'Saint Eljade'

Ah...Yes, sir...I
Come in.

I was digging for some herbs in the mountain and found him collapsed.
This prolly ought to be in a white bubble with black text but again another author/editor mistake?

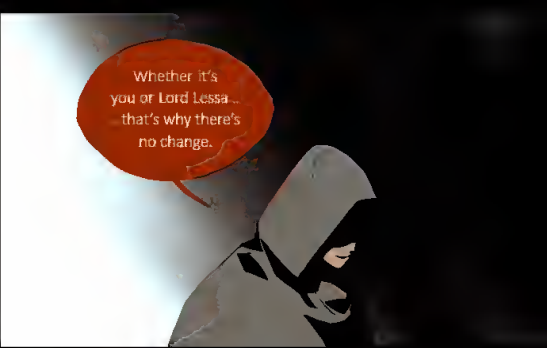
But through rumors .. I heard that the saint had an invaluable ability, so I ran over here
Yes sir. I take care of the sick and poor

But more than that, I heard you have a peculiar healing ability
Yes, sir... that is correct.
It's a natural ability I've had ever since I was young

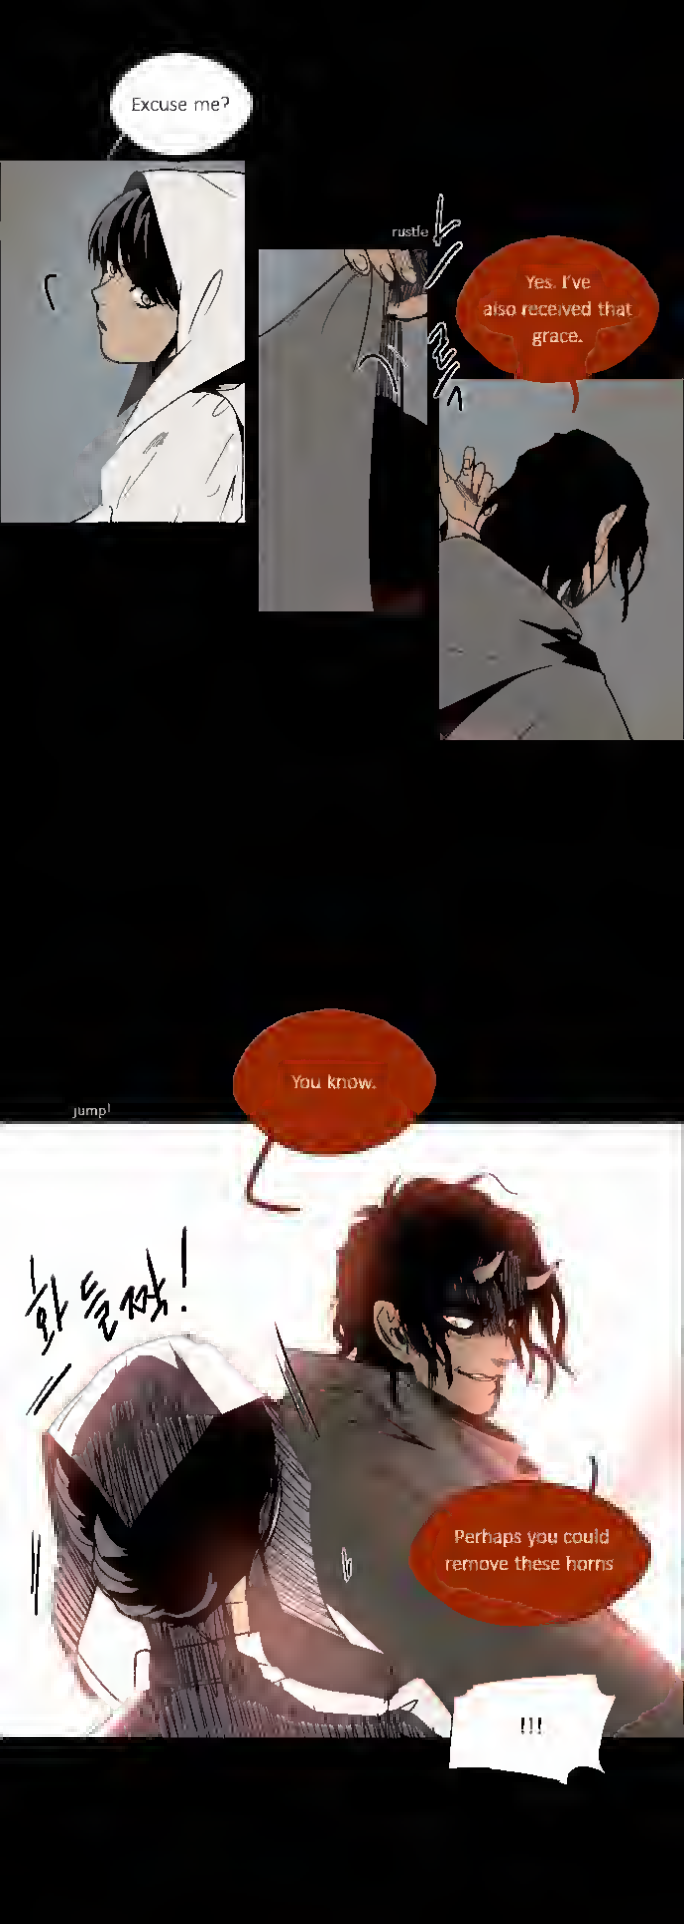
So I believe this is god's grace

God's grace

So in order not to become prideful, I look after the sick.
And not for my sake but rather for the sake of my neighbor, for the sake of the weak.
And not for my sake but rather for the sake of my neighbor, for the sake of the weak
It was had the same text as the previous bubble... again author/editor mistake?
I give thanks to the heavens.

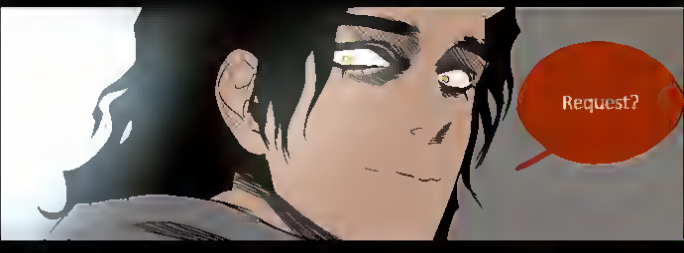


Whether it's you or Lord Lessa... that's why there's no change.



Excuse me?
rustle
Yes. I've also received that grace.
You know.
jump!
Perhaps you could remove these horns
!!!

....Th...th...that is...
I'm not sure, but...
If you request it...



Request?

Ahh... Isn't there no reason to ask to remove the horns?
Because I can live an eternal life with these horns
Yes...?
Ah...! Though you, too, will soon become like me

What are you talking about...?
Currently, I need a sacrifice.
Offer me your everything
Then I'll give you power too.
My body and soul belong to heaven...!
Wherever you go, he will be looking down on you!
Heh. What a load of crap !

while stealing candy from a crying child

I curse him with all my strength.
Ah, I can do that!

Cough...

I can use this child instead
.....!
Well, though it's a chicken instead of a pheasant, since the saint doesn't want to, it can't be helped.
Since there's no resistance.

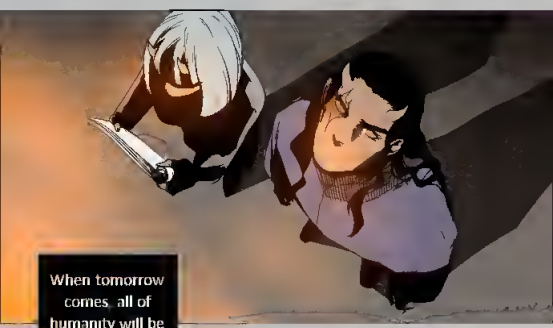
This will soon become humanity's judgment.

bang clang

The job that even god couldn't do.



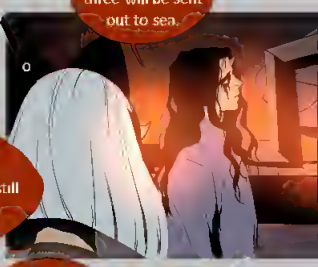
When tomorrow comes, all of humanity will be under my control.

Miss Doro How many of Abaddon's vessels are ready?

Currently 3 vessels have finished preparations.

That is sufficient.

Tomorrow, all three will be sent out to sea.

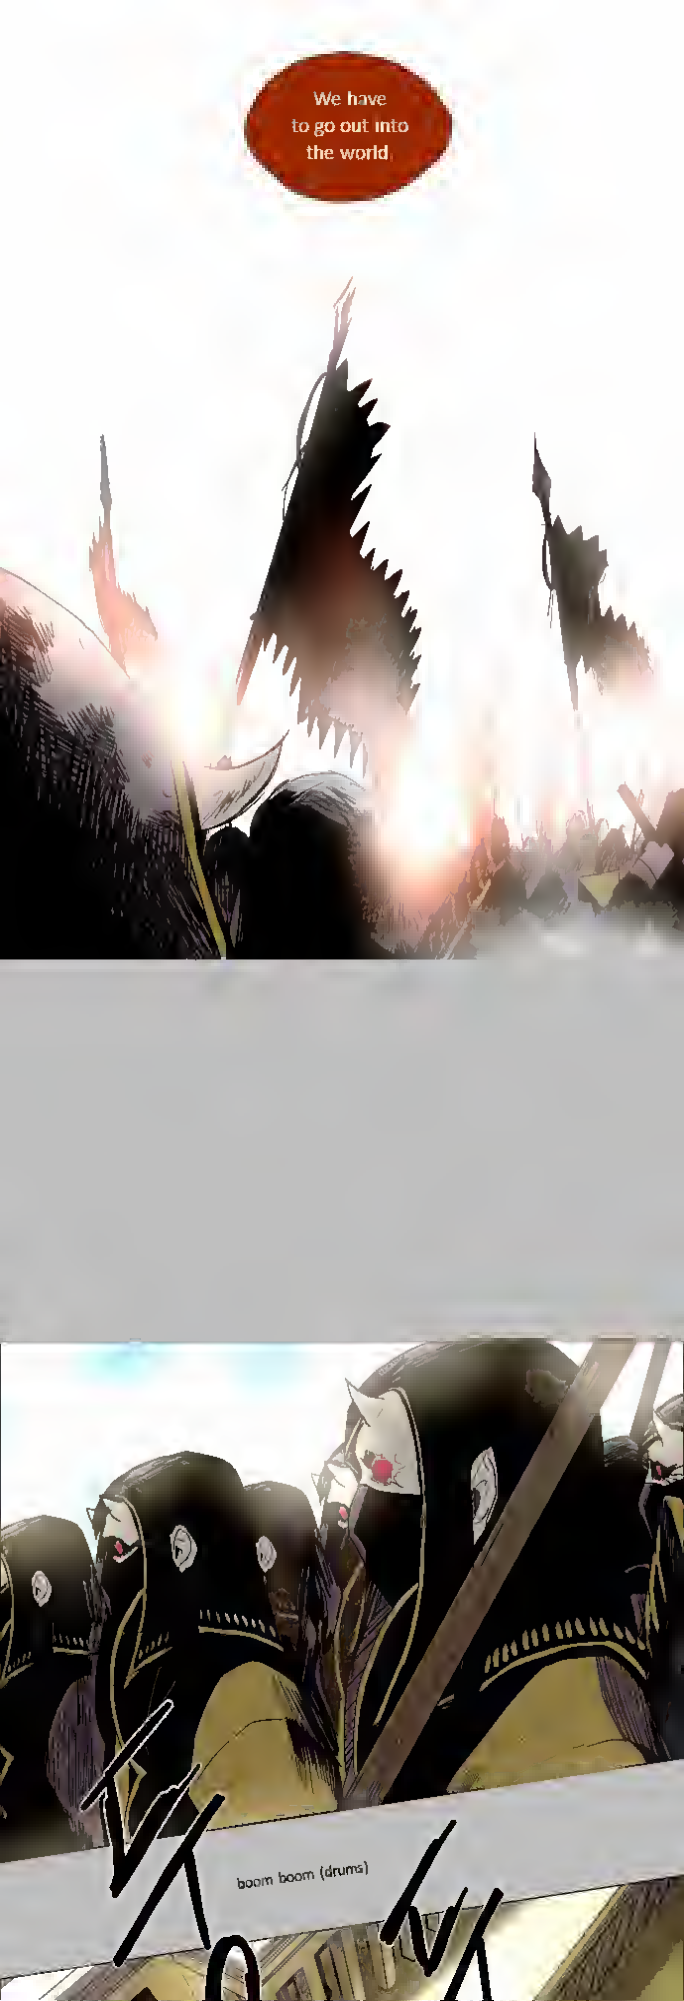


Sir? But the scheduled day is still far off.

It's become like that.

My time here may not be as long as I originally thought.

Tomorrow I'm summoning the army



We have to go out into the world.
boom boom (drums)

boom boom
broop

Uwah~~
seeing this flashy display, seems like we've found the right place!
Did we come on the wrong day? Why are there so many soldiers?
Who knows

In any case it seems like it's going to be hard to sneak in...

Maybe coming back tomorrow...

.....

Did you finish installing all those machines?

Ah, yeah! Since I was able to come to Zone 1 due to you.

Good.

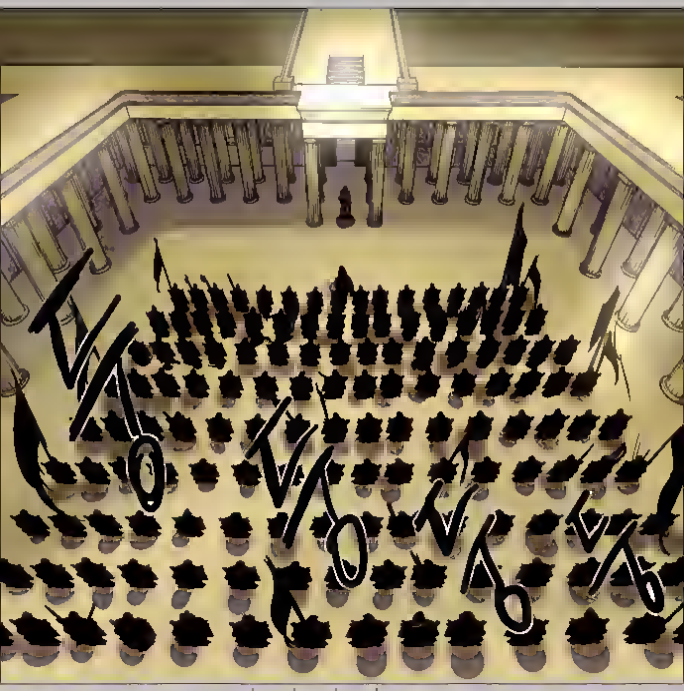
Then from now on, go hide somewhere or go back.

Why would I!

What??

There's no reason to delay any longer.

It's total war now



boom boom boom boom

The time is come
Tonight, we will go out into the world
roooaaaar

We will show them That humanity is in our grip
We will eradicate those who hid in secret and tried to isolate us.

Gentlemen, raise your swords!
KLOK

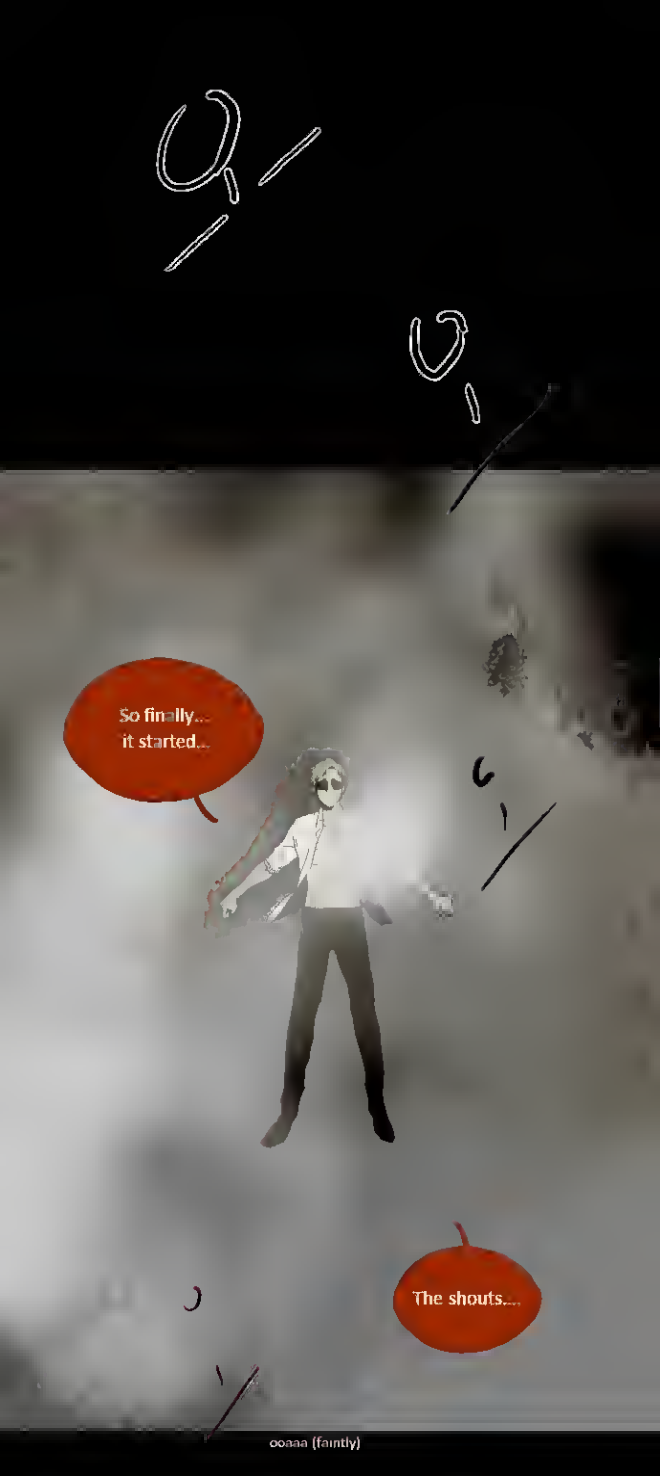
Show them your blood stained swords!!

We are rulers!!

whoosaaa



He might think that it was misinterpreted. .

Revealing the stories in mysterious ways is just my knack.
Perhaps that's why Lord Dark Lessa chose me.
In actuality, I see fairly clear images.
A golden floor
A black crowd like a pack of dogs

A man in red clothes commanding the dogs.

And then, that will happen.

creep-...

creep-...

...is that your plan?

Is that your plan.

Ares.

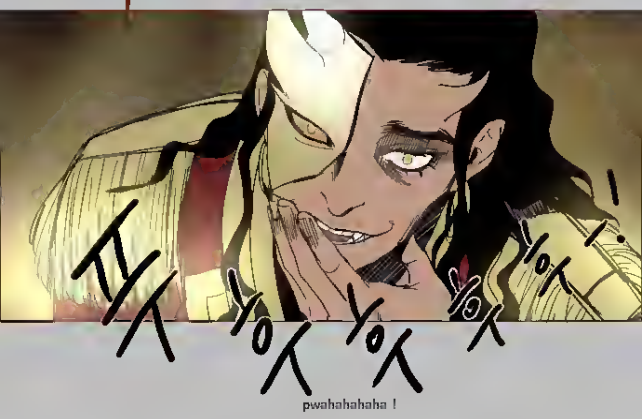
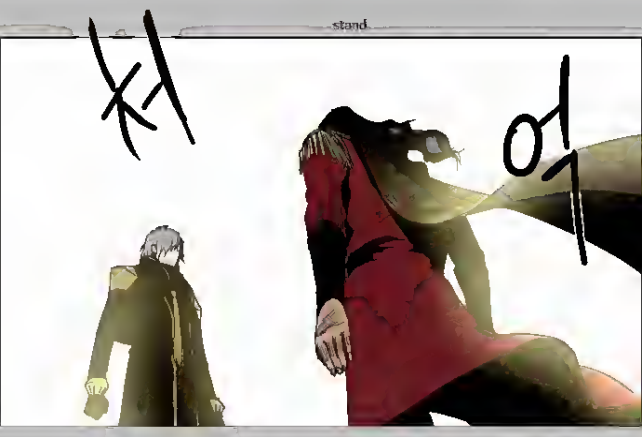
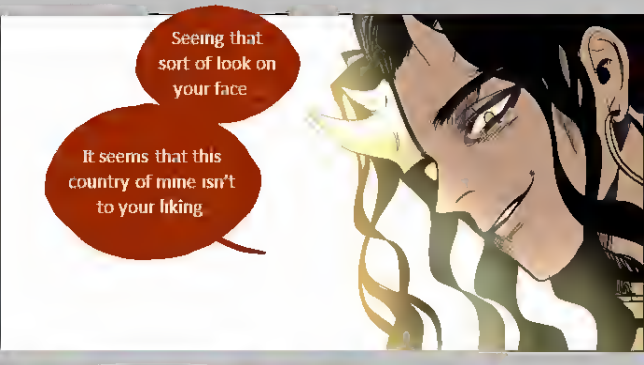
My...

Look who it is...!

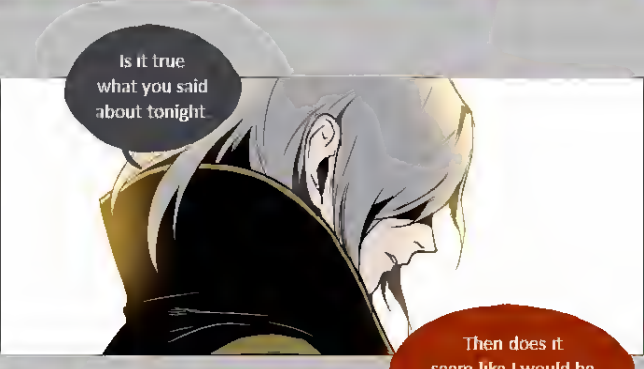




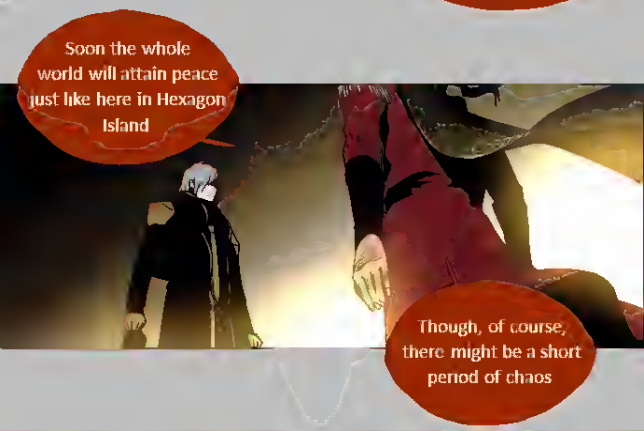
It is truly an honor to be able to show my kingdom to you
What do you think?



Seeing that sort of look on your face
It seems that this country of mine isn't to your liking

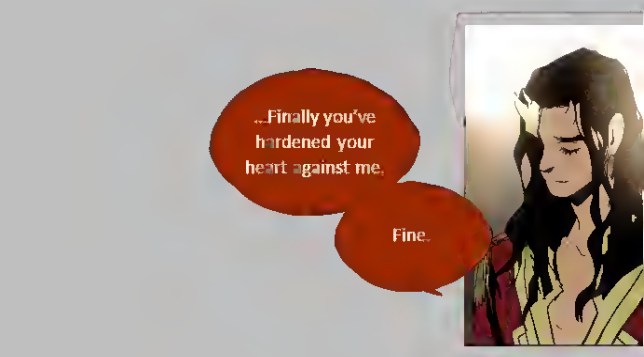


Is it true what you said about tonight
Then does it seem like I would be joking here.



Soon the whole world will attain peace just like here in Hexagon Island
Though, of course, there might be a short period of chaos

.....
Yes... So from the beginning there never was solution...
It was my mistake to take you out of the grave.
So I came here to return you to the grave again.



...Finally you've hardened your heart against me.
Fine.

The elite general will take the soldiers outside.
Whatever happens, do not come in.

Lessa

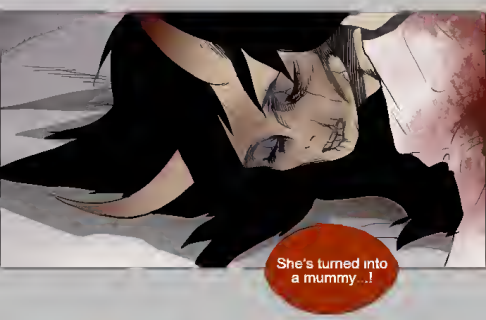
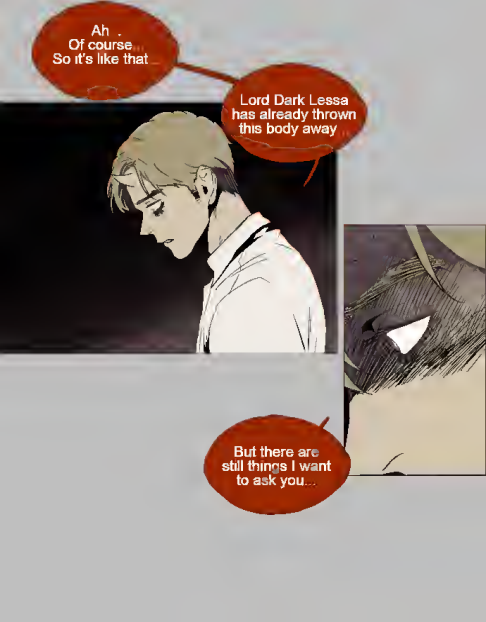
Lord Dark Lessa...?

Please say something...!

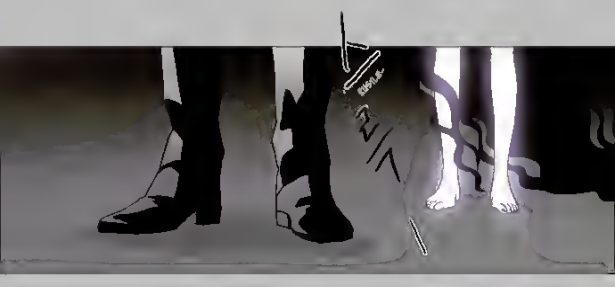
...!!



She's turned into a mummy...!

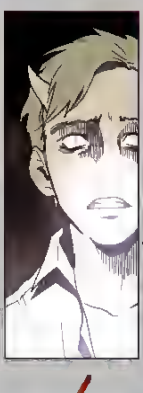


Ah . Of course... So it's like that...
Lord Dark Lessa has already thrown this body away...
But there are still things I want to ask you...



...?

Lord Dark Lessa...!!



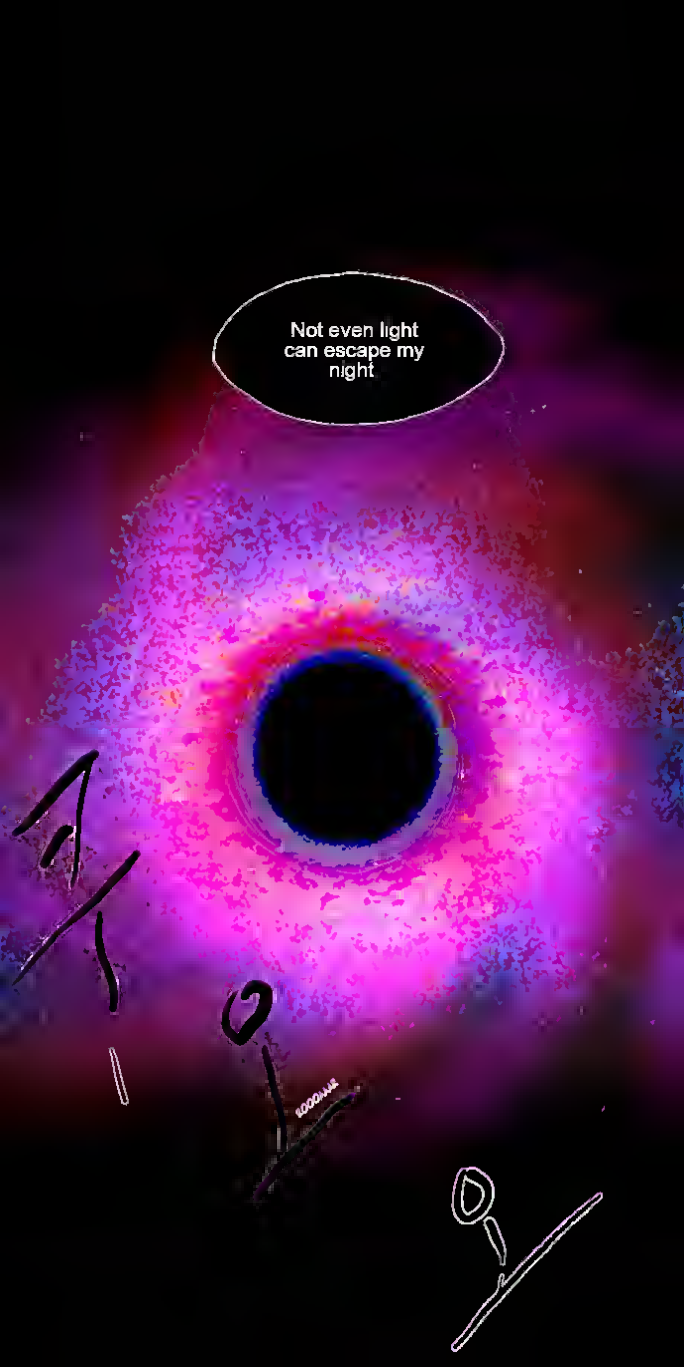
So you were still here...

You've discarded Eljade, nght...?
Because you've been able to obtain a new body...!

Please tell me... What in the world is Eternal Night?
Is something going to happen when you get a new body?

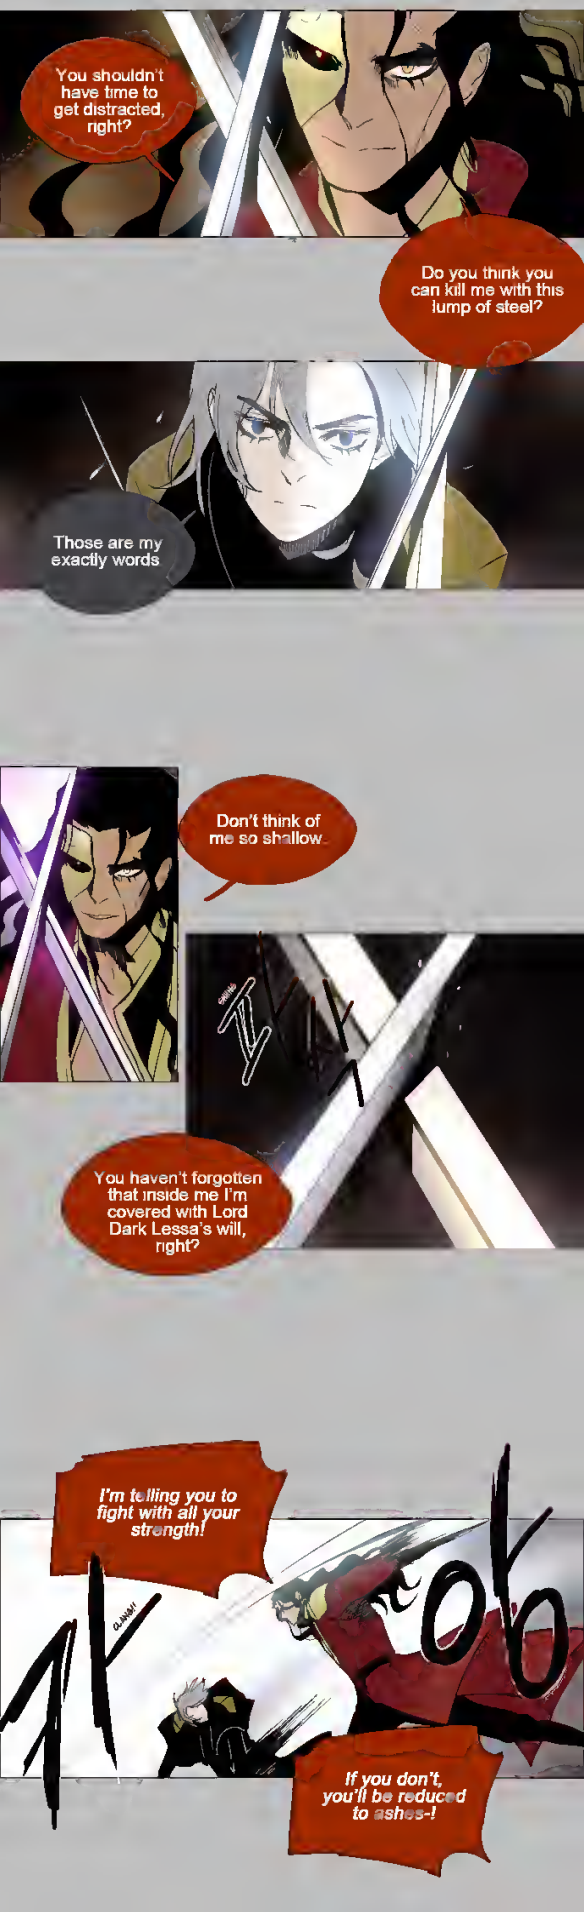
Are you frightened. ?

It's an equal night to all
All living things will be defeated because they are alive
...an equal night...
So from the beginning, you were never on anyone's side
You just... detest all living things...
I am not your god.
I am hungry
And above all, I am impartial.

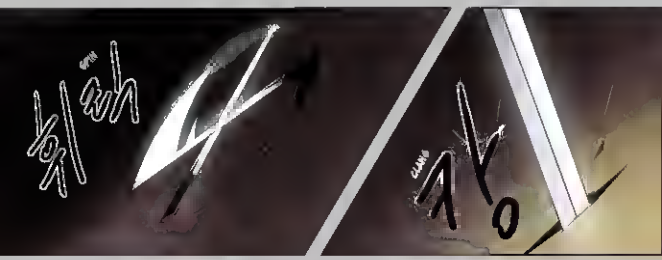


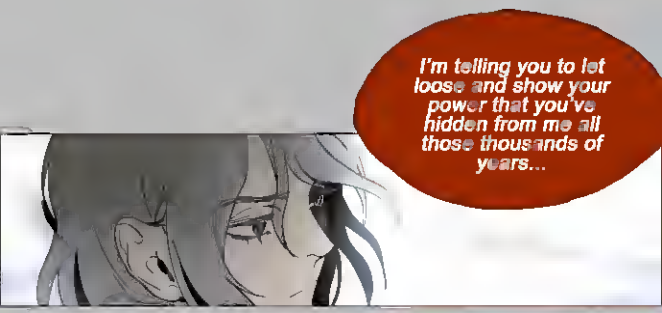
Not even light can escape my night

Not even your true god-

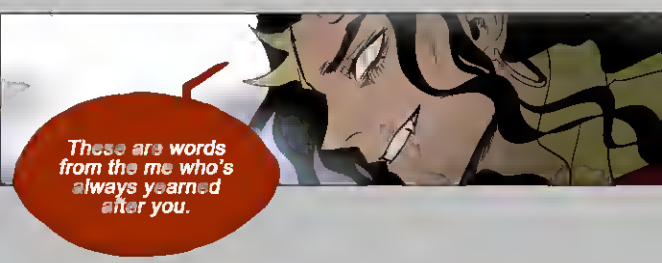


You shouldn't have time to get distracted, right?
Do you think you can kill me with this lump of steel?
Those are my exactly words
Don't think of me so shallow
You haven't forgotten that inside me I'm covered with Lord Dark Lessa's will, right?
I'm telling you to fight with all your strength!
If you don't, you'll be reduced to ashes-!

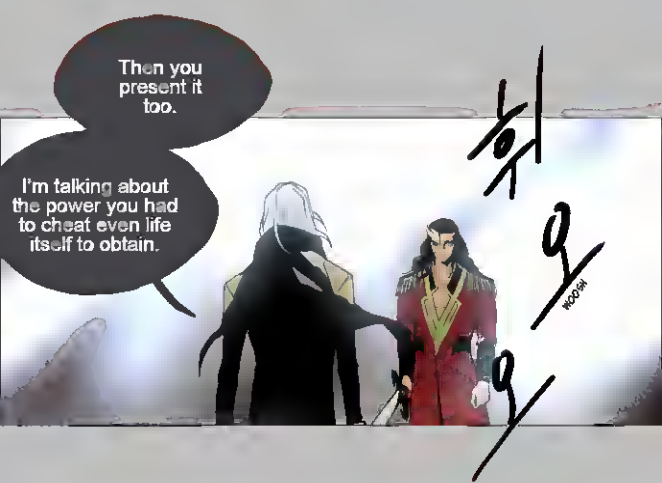




I'm telling you to let loose and show your power that you've hidden from me all those thousands of years...



These are words from the me who's always yearned after you.

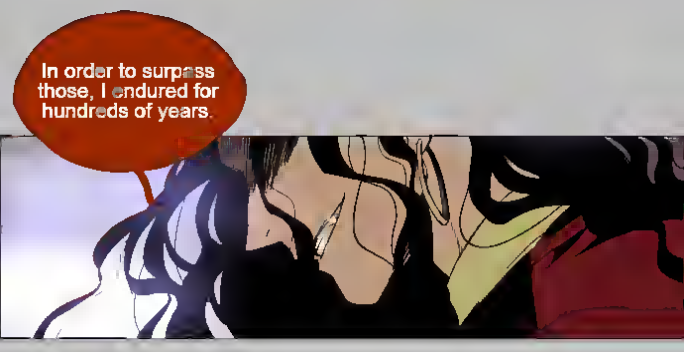


Then you present it too.
I'm talking about the power you had to cheat even life itself to obtain.
WOOSH

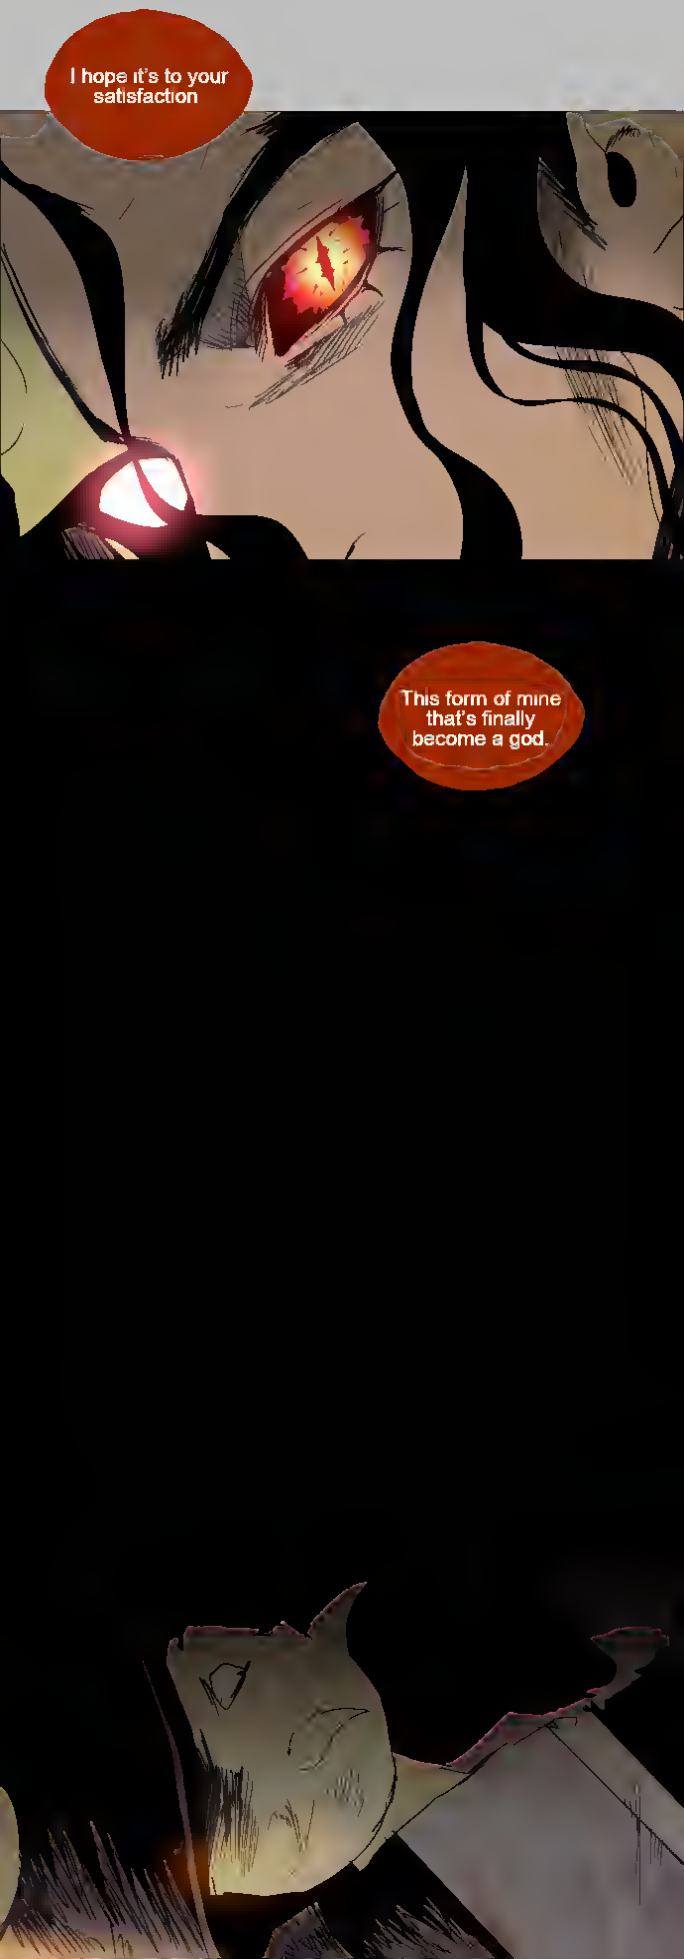
I'll do that of course.
SNEER

I knew a day like this would come.
The day that we would be pointing swords at each other.

Your power
And even your sanctity



In order to surpass those, I endured for hundreds of years.



I hope it's to your satisfaction
This form of mine that's finally become a god.

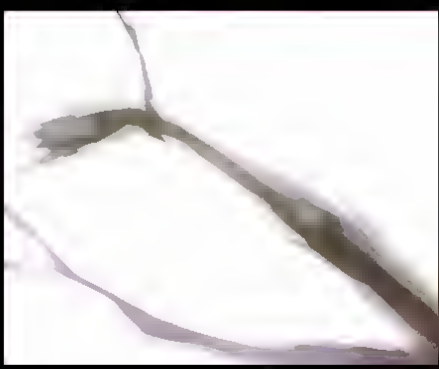
Back then, I had strange dreams.
LESSA
THE CRIMSON KNIGHT

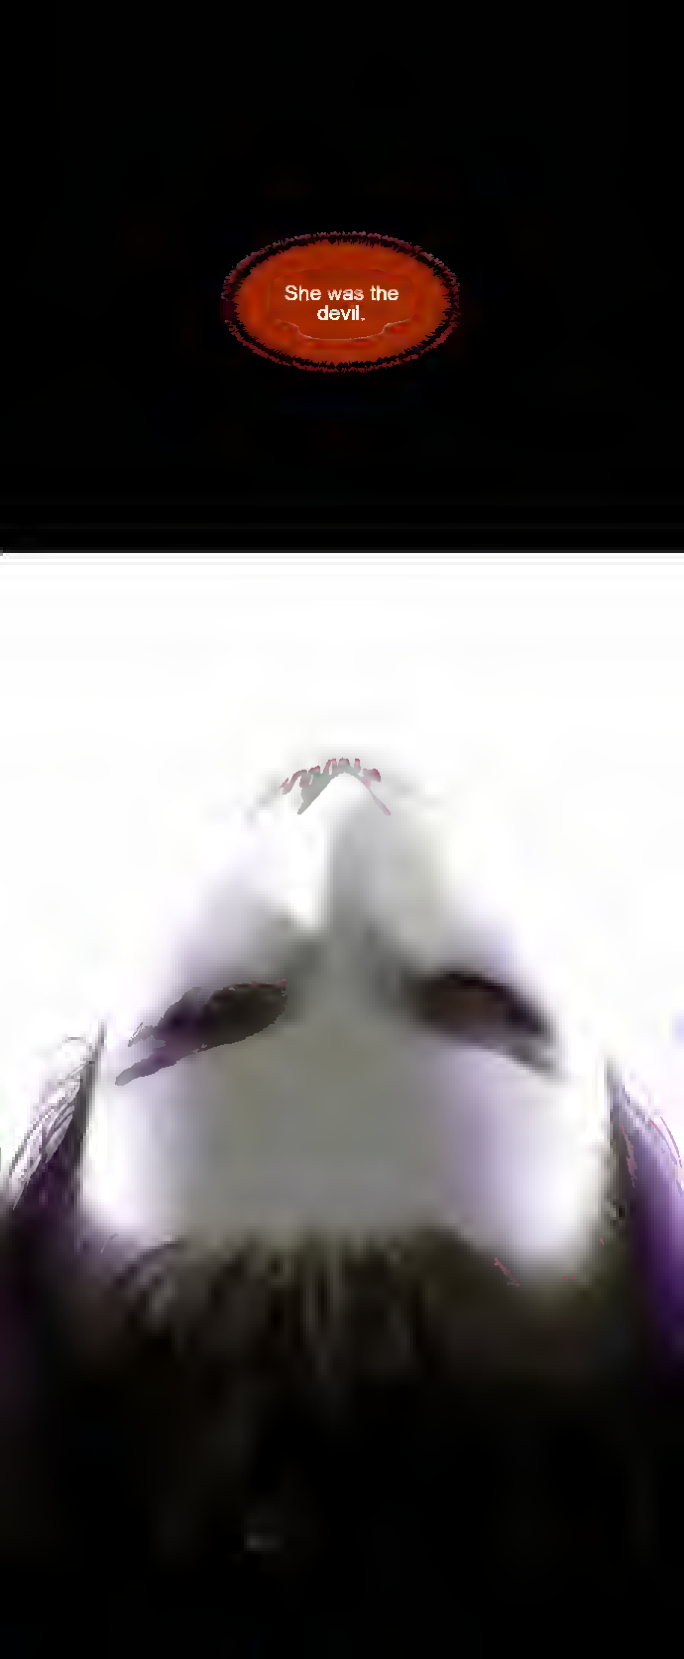
87

It certainly was strange

I first learned what that woman was in that dream.



It was as if



She was the devil.

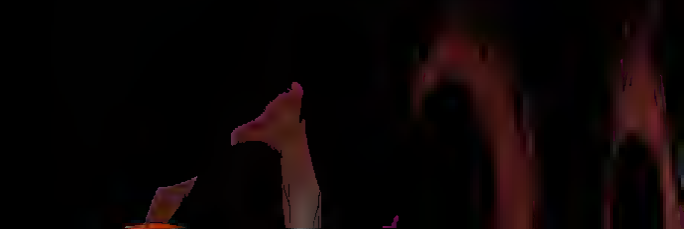
No, more like teeth.
Savage teeth themselves
Every cell in my body was screaming to be wary of them.
I wonder if humanity was born in order to fear them.

It was an old fear, older than humanity, older than everything.

I aimed to make it mine.

That power .

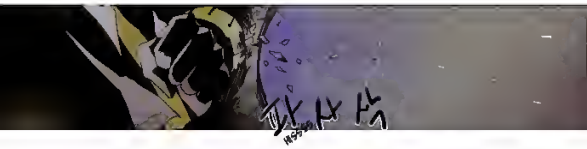
Since I needed that in my world.



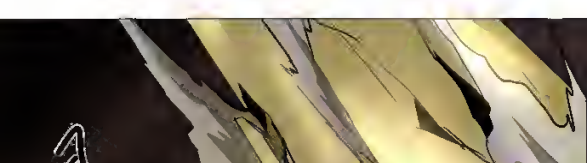
Do you see...? These starving teeth!
Anything that gets eaten by them, no matter what, will be turned into a handful of ashes in an instant.

RUMPLE

POW



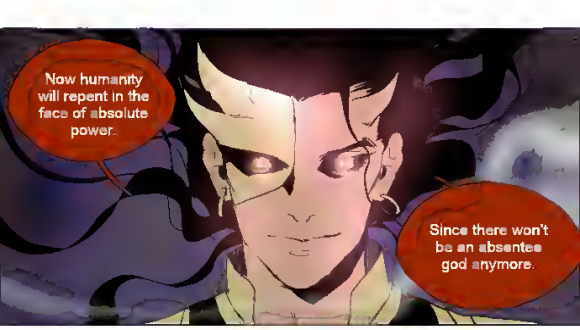
ROOM



Teeth
These are Dark Lesse's will it's true nature.

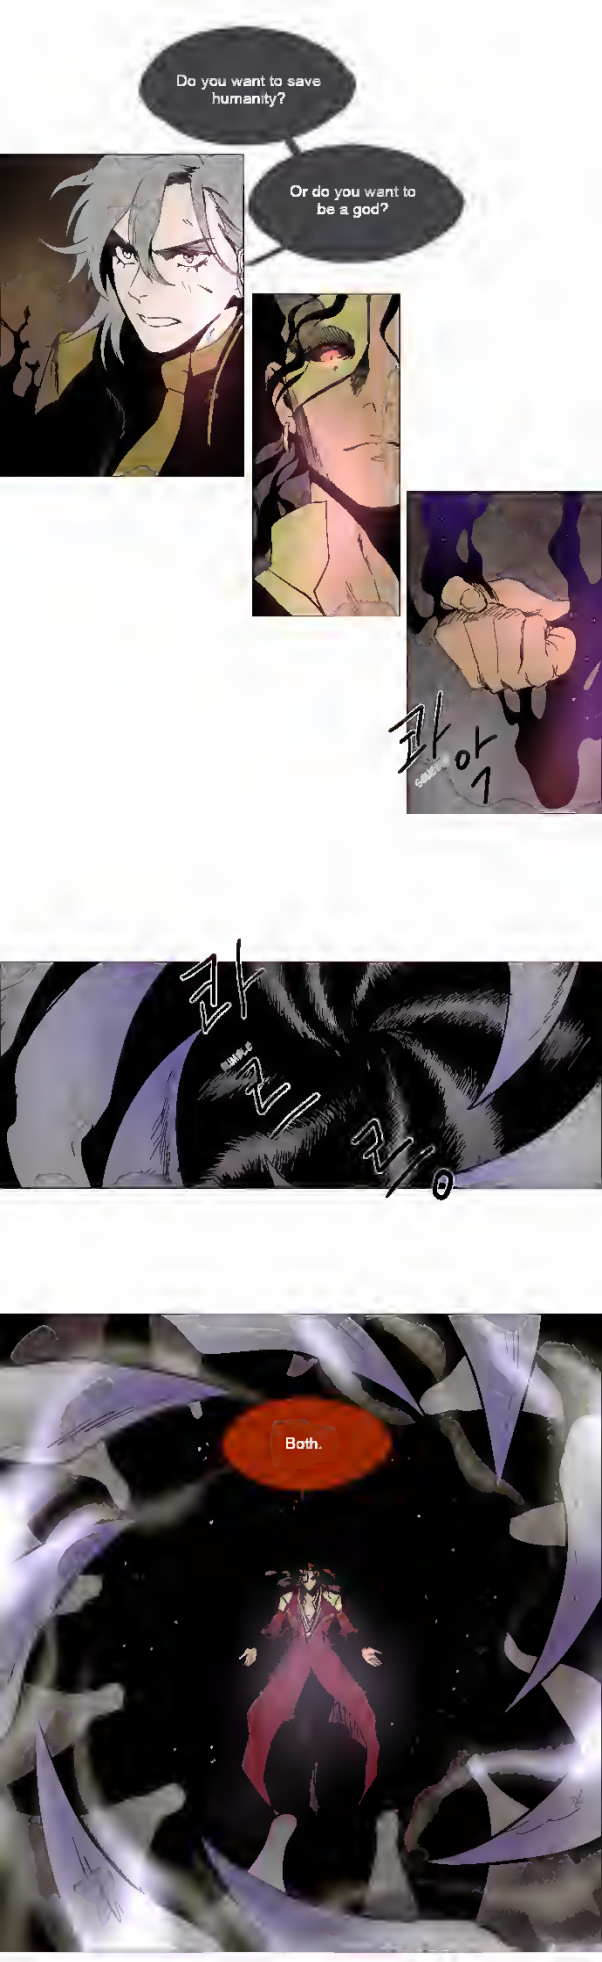
However, that is not a power fit for a king.
Do you intend to kill everyone?

Hoho
you worry about everything
Do you know me to be as foolish as that?
ROAR



Now humanity will repent in the face of absolute power.
Since there won't be an absentee god anymore.

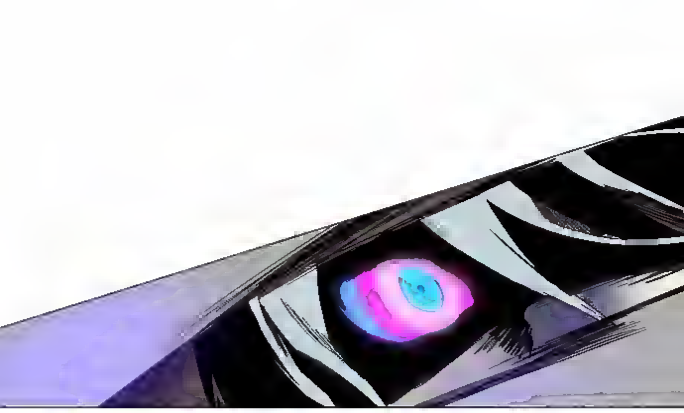
Don't make me laugh...!

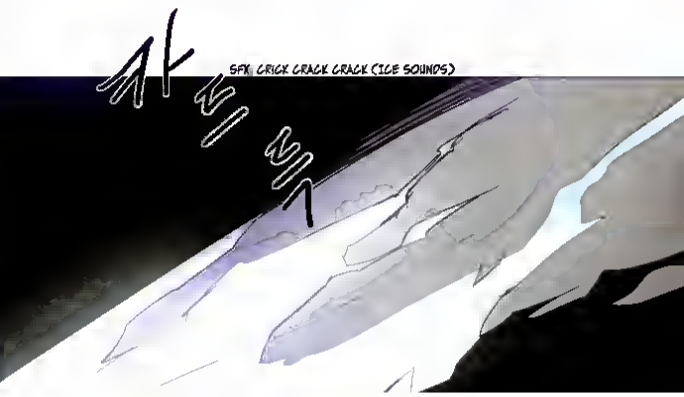


Do you want to save humanity?
Or do you want to be a god?
콰앙
RUMBLE
콰르르릉
Both.

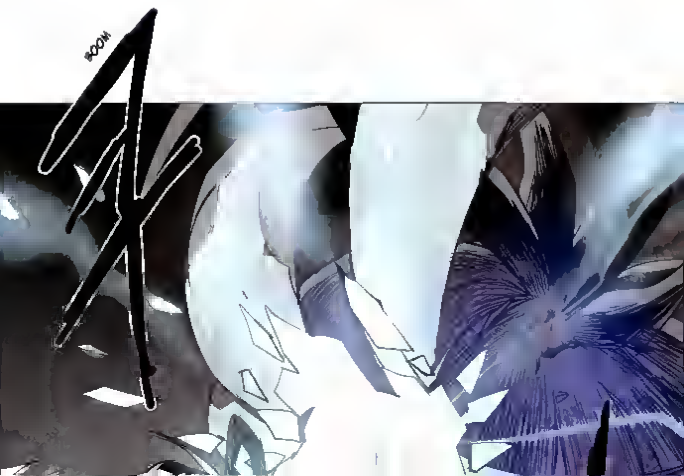
Whether it's the sun god or whoever, they won't be able to lay their hands on my world.
Didn't god himself seal Dark Lessa out of fear of this power?
You foolish child.
Babble after learning.
'Ra' neither fears nor abhors Dark Lessa.
He modeled humans after Dark Lessa.
?
Just in order to protect you humans
to protect the world...
He sealed her

He did it to protect humanity...?
If this piece of trash world is the result of that...
Then it was a failure to begin with!!
I thought that at one point too.

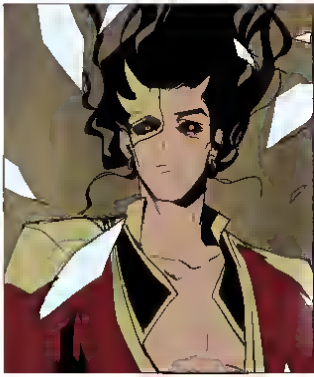




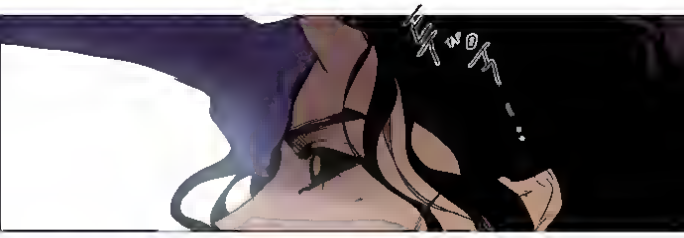
That's why I tried to save you, Ares.



I wanted to make a better world
Not even knowing how foolish I was



Not able to fathom god's will even a little.



Now return to
your place...

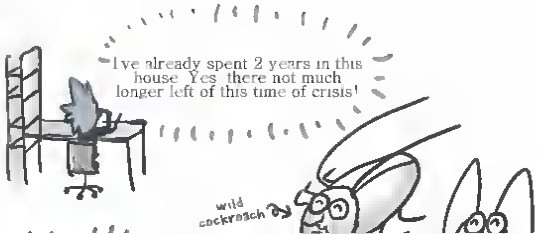
The reason for this announcement is to tell you that this week and next I will be unfortunately taking a break.

Serialization mixed with the procrastinated move of my workroom has made things quite busy. Along with the preparations for the closing of season 2, I have decided to take a 2 week break. From the **1** year of serialization for season 1 compared to the unexpectedly long 2 years of serialization for season 2... Season 3 probably wouldn't be 3 years long, right...? ha lalala

I'll come back with a huzzah and a better work.

—Epilogue after 2 years of using the workroom—



I've made quite a lot of friends in this house.

cockroach killer

stealth

human killer (carpenter bee)

The cockroach and centipede formed an alliance... hehe

The human killer tried to kill me, but then gave up its life on the light bulb
For the past year it's been the ghost of the light bulb

They really were friends you had to try in order to hate

If you just wouldn't come close to me, please spare... my life...

waahh

Man
I gained the realization that being independent and living on one's own without family isn't for everyone

"

The faucet goes out,
And the toilet lever goes out,
And the light goes out,
And one's mentality goes out from bugs.
And cleanliness goes out,

I realized you can't do anything by yourself.
Maybe I don't have the right to be an adult?

"

Mother! Tell me the answer
I'm too young and tender to live on my own

It's scary
It's scary
WAAAHH!!!

arass

Mother, I've come to receive a donation

knock knock

(Translator's note: Koreans usually go around knocking on a wooden door especially donations kind of like "Alms for the poor.")

I settled the affairs of the life I had lived in Incheon and moved into the house next next door to my mom.

I decided to relocate my workroom. Then I can probably eat properly!

hehehe

Everyone, your home is precious
Let's defend our food to the last ^_^

- The End -

Leaving you this warm picture
of Lucy I just drew.
Until next time...

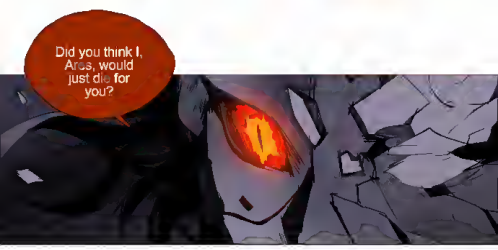
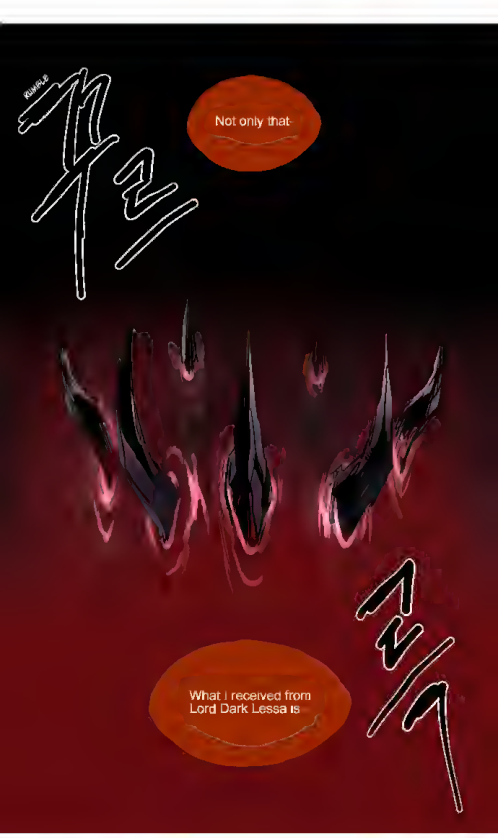
With just this level of power...



Did you think I, Ares, would just die for you?

The power of the 'Cold Heart' that you have can t compare to my strength



Not only that
What I received from Lord Dark Lessa is

this form
Even compared to you... the title of god is more befitting of me.

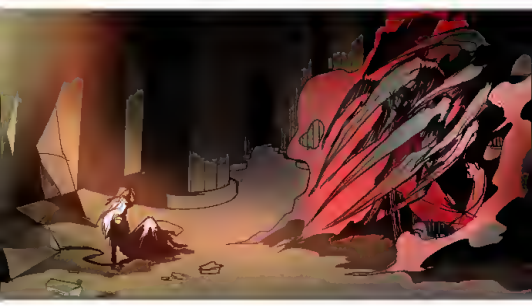
Lord Ares!

If that's the case, by your will, Lord Ares-
Elite general!
This is the order to gather the troops and depart.



Ares

Crash

You became a monster in order to kill me?!
Hoho... No matter how much 'Futility of Volition' I carried, I, a mere human, would not be able to defeat you.
Borrowing dark power... There was no choice but to obtain a body that would rival a god.
Now, you're just-

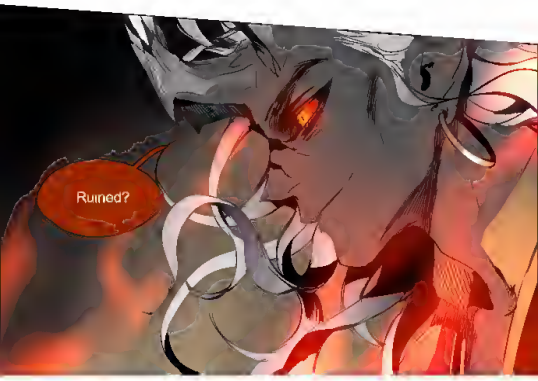
Urk-!
Oh my...
You were careless
You still don't get it.
If you want to kill me, shouldn't you come at me at least at the level of the sun god?
Ares .

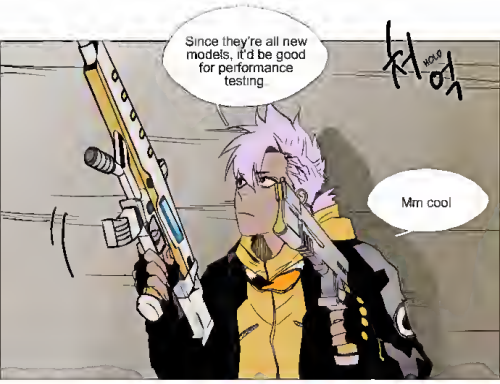
So in the end, we are ruined.



You know

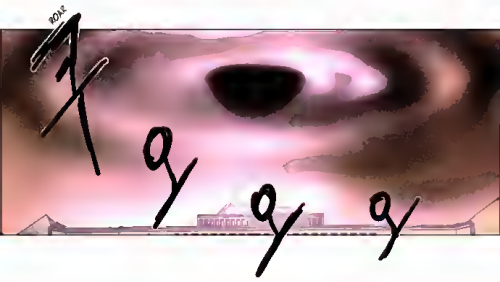
This scenario had already started after we betrayed each other

Regardless of whose plan it was

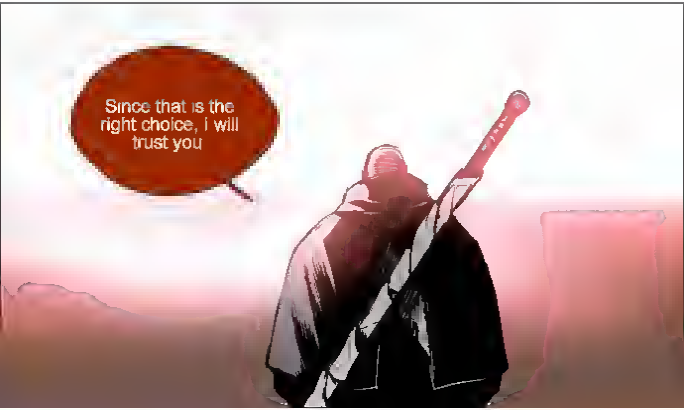


Since they're all new models, it'd be good for performance testing.
Mm cool

This...



So the time has finally come.
The day you kill you teacher with your own hands-



LESSA

THE CRIMSON KNIGHT

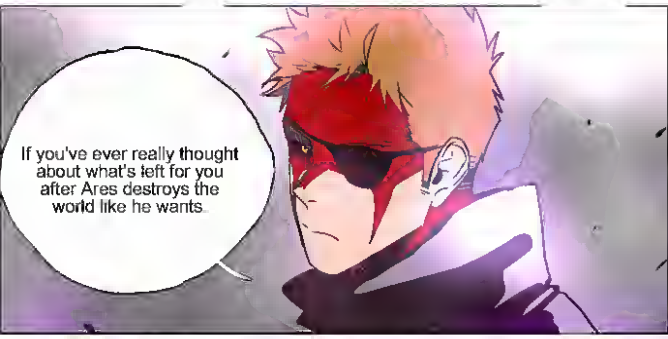
Hoho, you don't have to be so wide eyed. That's just something like a black hole.
What?
Lord Ares made it to absorb all light.
Soon we're going to go out into the world
And when that time comes, that will protect us from the light
Out into the world...!

Dog teeth, two of Lessa's dark powers, and Lord Ares' power
These were all created to swallow up all light and life
You're no exception...
KWOOOM
!

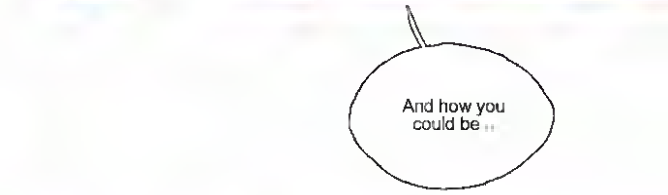
If that's the case, I don't have time to waste with you
Sorry, but I have to go inside the castle

Have you not been listening to me?
It's my mission to protect the castle and that person.
It's problematic if you ignore me.

hmph
How couldn't I ignore a son of a bitch playing subordinate?
What?
Do you even know why you're doing this?
I get curious when I see kids wet around the ears like you.



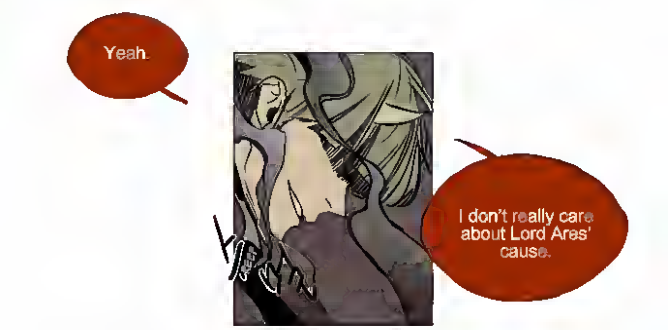
If you've ever really thought about what's left for you after Ares destroys the world like he wants.



And how you could be...

this stupid.

Enough preaching.
Since I'm way older than you.
!



Yeah.
I don't really care about Lord Ares' cause.

You're probably the same
You don't really care about anything other than the little corner of the world containig your sister

It's irritating how jealous I am...

'Cause I don't have parents or family

I just kept running to survive.

But not once have I ever thought I was weak

Nor have I ever
thought that I was
going to die

I thought either that after some time, I
would make a lot of friends...
Or that when I became an adult, I would
make my own family

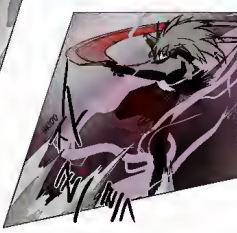
Just like everyone else...

But not long after, I realized

That I was someone abandoned by god himself
The way I've survived till now has been by stuffing a blade in the hearts of obstacles like you!

CRUNCH
SPLURCH

Uurkh...!
SQUAT



SWOP

Pentahorn...!

ROAAR

It's time to eat.

Arrghh!!

Your brother is nothing to write home about.

Does he not intend on killing me...
